

§ 202.2

community interest in the RAB declines.

(9) *RAB dissolution* shall mean when an Installation Commander, with the appropriate Military Component's Environmental Deputy Assistant Secretary's approval, disbands a RAB that is no longer fulfilling the intended purpose of advising and providing community input to an Installation Commander and decision makers on environmental restoration projects. Installation Commanders are expected to make every reasonable effort to ensure that a RAB performs its role as effectively as possible and a concerted attempt is made to resolve issues that affect the RAB's effectiveness. There are circumstances, however, that may prevent a RAB from operating effectively or fulfilling its intended purpose.

(d) *Other public involvement activities.* A RAB should complement other community involvement efforts occurring at an installation; however, it does not replace other types of community outreach and participation activities required by applicable laws and regulations.

(e) *Applicability of regulations to existing RABs.* The regulations in this part apply to all RABs regardless of when the RAB was established.

(f) *Guidance.* The Office of the Deputy Under Secretary of Defense for Environment shall issue guidance regarding the scope, characteristics, composition, funding, establishment, operation, adjournment, and dissolution of RABs pursuant to this rule. The issuance of any such guidance shall not be a precondition to the establishment of RABs or the implementation of this part.

§ 202.2 Criteria for establishment.

(a) *Determining if sufficient interest warrants establishing a RAB.* A RAB should be established when there is sufficient and sustained community interest, and any of the following criteria are met:

(1) The closure of an installation involves the transfer of property to the community,

(2) At least 50 local citizens petition the installation for creation of a RAB,

(3) Federal, state, tribal, or local government representatives request the formation of a RAB, or

(4) The installation determines the need for a RAB. To determine the need for establishing a RAB, an installation should:

- (i) Review correspondence files,
- (ii) Review media coverage,
- (iii) Consult local community members,
- (iv) Consult relevant government officials, and

(v) Evaluate responses to communication efforts, such as notices placed in local newspapers and, if applicable, announced on the installation's Web site.

(b) *Responsibility for forming or operating a RAB.* The installation shall have lead responsibility for forming and operating a RAB.

(c) *Converting existing Technical Review Committees (TRCs) to RABs.* In accordance with 10 U.S.C. 2705(d)(1), a RAB may fulfill the requirements of 10 U.S.C. 2705(c), which directs DoD to establish TRCs. DoD recommends that, where TRCs or similar advisory groups already exist, the TRC or similar advisory group be considered for conversion to a RAB, provided there is sufficient and sustained interest within the community.

§ 202.3 Notification of formation of a Restoration Advisory Board.

Prior to establishing a RAB, an installation shall notify potential stakeholders of its intent to form a RAB. In announcing the formation of a RAB, the installation should describe the purpose of a RAB and discuss opportunities for membership.

§ 202.4 Composition of a RAB.

(a) *Membership.* At a minimum, each RAB shall include representatives from DoD and the community. RAB community membership shall be well balanced and reflect the diverse interests within the local community.

(1) *Government representation.* The RAB may also include representatives from the EPA at the discretion of the Regional Administrator of the appropriate EPA Regional Office, and state,

tribal, and local governments, as appropriate. At closing installations where BRAC Cleanup Teams (BCT) exist, representatives of the BCT may also serve as the government representative(s) of the RAB. The Department encourages individuals and agencies involved with BRAC to participate in RABs at closing installations.

(2) *Community representation.* Community RAB members should live and/or work in the affected community or be affected by the installation's environmental restoration program. While DoD encourages individual tribal members to participate on RABs, RABs in no way replace or serve as a substitute forum for the government-to-government relationship between DoD and Federally-recognized tribes.

(i) To support the objective selection of community RAB members, installations will use a selection panel comprised of community members to nominate community RAB members. The Installation Commander, in consultation with the state, tribal, and local governments and EPA, as appropriate, will identify community interests and solicit names of individuals who can represent these interests on the selection panel. The panel will establish the procedures for nominating community RAB members, the process for reviewing community interest, and criteria for selecting community RAB members. The panel will transmit the list of RAB nominees to the Installation Commander for appointment.

(ii) Following the panel nominations, the Installation Commander, in consultation with the state and EPA, as appropriate, will review the nominations to ensure the panel fairly represents the local community. The Installation Commander will accept or reject the entire list of RAB nominees for appointment.

(b) *Chairmanship.* Each RAB established shall have two co-chairs, one representing the DoD installation and the other the community. Co-chairs shall be responsible for directing and managing the RAB operations.

(c) *Compensation for community members of the RAB.* The community co-chair and community RAB members

serve voluntarily. DoD will not compensate them for their participation.

Subpart B—Operating Requirements

§ 202.5 Creating a mission statement.

The installation and community co-chair, in conjunction with the RAB members, shall determine the RAB mission statement in accordance with guidance provided by the DoD Components.

§ 202.6 Selecting co-chairs.

(a) *DoD installation co-chair.* The DoD installation co-chair shall be selected by the Installation Commander or equivalent, or in accordance with Military Component-specific guidance.

(b) *Community co-chair.* The community co-chair shall be selected by the community RAB members.

§ 202.7 Developing operating procedures.

Each RAB shall develop a set of operating procedures and the co-chairs are responsible for carrying them out. Areas that should be addressed in the procedures include:

(a) Clearly defined goals and objectives for the RAB, as determined by the co-chairs in consultation with the RAB,

(b) Meeting announcements,

(c) Attendance requirements of members at meetings,

(d) Development, approval and distribution procedures for the minutes of RAB meetings,

(e) Meeting frequency and location,

(f) Rules of order,

(g) The frequency and procedures for conducting training,

(h) Procedures for selecting or replacing co-chairs and selecting, replacing, or adding RAB members,

(i) Specifics on the size of the RAB, periods of membership, and co-chair length of service,

(j) Review of public comments and responses,
